

LIBRARY (ALL GRADES)

*EVERY student will need a public library card. Public library cards are free. The Komarek School Library works in conjunction with the public libraries to provide your child with access to information and books. **Library cards will stay at home.** Students in grades 3-8 may be asked to bring their library cards to school to use in the library to access public library resources.

To obtain a public library card, contact your local public library.
